

Berkshires of East Falls Apartment Homes

Looking for some peace and quiet, but don't want to be too far from the action? The Berkshires of East Falls Apartment Homes offer the best of both worlds with a quiet residential setting minutes from shopping, public transportation and Center City Philadelphia.

Although the complex might look a little old from the outside, a recent \$2.7 million renovation project transformed many of the units into every renter's dream. New maple kitchen cabinets, and new countertops, flooring and GE appliances make the kitchen to place to be, whether you're a serious cook or a veteran microwaver. New vanities in the updated bathrooms offer plenty of room for toiletries and your collection of vintage rubber duckies.

It's not always easy to find rentals with washers and dryers when you're looking for **two-bedroom apartments in Philadelphia**. Sure, you could schlep your dirty clothes down five flights of stairs to the communal laundry room, but who wants to do that when you can open a closet door and plop your unmentionables into your very own washer.

Renting an apartment often means committing to a one-year lease, but that's not the case here. Short-term and corporate leases are available. And if you don't have any furniture, no problem: just rent a fully furnished apartment. Keep in mind that all of the apartments haven't been updated, so be sure to ask the price for a renovated unit to avoid sticker shock.
